

By appointment to
Her Majesty The Queen
Building Façade Restoration
and Conservation

Hove Methodist Church

The Rose Window to the church was in poor condition, heavily eroded and the leaded lights were leaking. PAYE Stonework were appointed to complete a full replacement of the Bath Stone window including the re-leading and repair of the stained glass.

The complex masonry works had to be completed whilst supporting the gable structure above and included the repair of the gable.

Whilst on site repairs were completed to the other elevations including the replacement of original hoop iron ties with new stainless steel elements.

Now when the sun shines through the window casting a kaleidoscope of colours across the aisles it provides a fine testament to the quality and workmanship that PAYE Stonework can achieve.
